Hi Javier -

I just wanted to follow-up with you since you asked for an email to accompany these factsheets yesterday... I'm sorry I didn't get something to you sooner - Doug and I were discussing whether to send the General LCR factsheet I sent previously, or the LCR quick reference guide that's available on EPA's website. I thought I sent you an email with the factsheet and quick reference guide before I left the office today but it apparently got stuck in my draft folder. Anyway, I didn't want you to think I did not respond to your request. I think what you sent is fine, and if you'd like to also send the quick reference guide, I've attached it to this email.

Thanks and have a good vacation!

Christine

Subject: NOI on LCR in Newark and General Lead and Copper Rule factsheets

Greetings, Pete, Chris , and Walter. Attached are CWD's factsheets on the NRDC/NEW NOI to sue NJDEP on LCR implementation in Newark, and on the LCR in general. These were reviewed by DECA and ORC. Let me know if you have any questions or would like us to coordinate a briefing about this issue.

Thank you,

Javier
